

Having the Relevant License the Company Cannot Operate for Two Years Already

Starting from May 4, 2010 the "Elagra" LLC is unable to trade in the Tavush region Bagratashen village, despite the fact, that it received Licensing of the procedure of organization of place for carrying trade from the RA Ministry of Economy.

The issue is that the Regional Tax Inspectorate of the RA AG State Revenue Committee without proper legal grounds refuses the announcements of starting the activities and the registration of the control-machine in the tax bodies and impedes the implementation of the activities envisaged by the above-mentioned license, reasoning that "Elagra" LLC is obliged to provide requirements established by law. Whereas, the "Elagra" company is in consistent with all the requirements envisaged by the RA current legislation on the procedure of organization of place for carrying trade, as well as by the RA laws.

Nevertheless, for two years "Elagra " LLC is unable to carry out commercial activity. Moreover, in May 2012 the RA Government made changes in the RA Government approved Decision on licensing in regards to the organization of place for carrying trade in the border layer. However, that change cannot serve as a ground for the limitation of the activity of "Elagra" LLC as the provisions of the Government decision enter into force only after six months.
